

## SWAP MODELERS APRIL 2022 MEETING MINUTES

The meeting was called to order at the Club field at 1:00 pm, Pat Murphy president presiding. March's meeting minutes were read and accepted. The treasurer's report was given and also accepted.

Art Vail explained some of the expenses that he had incurred last month and reported that the balance in the treasury is down compared to last year. He stated that the cost for our "all you can eat" cookouts will probably have to go up due to increases in prices of food.

He is attempting to get our portable toilet serviced and has contacted county personnel about it.

Art thanked Glenn Metzler and "Dusty" for procuring and spreading asphalt millings on the upper driveway.

Dates for upcoming events were announced. They should be available on the Club website.

Art asked if everyone was ok with having the next two meetings at the Club field. Membership approved.

Members were encouraged to promote our September event as it will help Club finances.

PAT Murphy said that he had been contacted by a photographer who wanted to use our field and runway to take some pictures. He asked if the membership had any objections. No one did. George Fowler asked if we should do something about the dandelions and weeds on the field. It was decided that they did not warrant attention and that chemical applications should be avoided.

Wayne Bury showed the EDF jet that he made on his 3D printer. He stated that because of the filament that he used and the settings on his printer the jet was far too heavy to fly and referred to it as a "leaf blower".

A 50/50 drawing was held after the meeting, George Fowler was the lucky winner. The meeting was adjourned at 1:20pm, 17 members attending.

Next meeting will be at the Club field on May 28<sup>th</sup> at 1:00 pm
