

SWAP MODELERS MAY 2016 MEETING MINUTES

The meeting was called to order at 6:30pm at the Club field Pat Murphy, president presiding. April's meeting minutes were read and accepted. The treasurer's report was given and also accepted.

Pat thanked all who helped out with the Field cleanup day held Sat. April 30th. He asked that members be alert for illegal dumpers on park property and not confront them but try to get a tag number to report to police. He also reminded all to remember to lock the gate when closing the field and to be careful when going out to look for lost planes, preferably letting someone know when and where they are going.

Art Vail reminded members about the upcoming Fun Fly and that he has fliers for the Charm City Memorial available. He also announced that he will be coming out with an updated spreadsheet of member's personal information and he thanked all who have handed in the money for raffle tickets.

The question was brought up about being able to verify if a person's FAA number is legitimate or not. It was determined that there is no way the average person can check or verify FAA #s at this time however, Art said that he would contact the FAA to see if there is some way that the number could be verified. Joel White asked for help with the preschool display he is setting up for the Bet Yeladim transportation day. Tim Stem and Glenn Metzler offered to assist him.

Art Vail showed the progress he is making on his Stintson. He is using Stits Lite poly fabric and has completed the covering process. He is hoping to have it finished by the end of June.

The meeting was adjourned at 7:00 pm, 29 members attending.
